ANNUAL GENERAL MEETING

Paris, 22 June 2016
FORWARD LOOKING STATEMENTS

• This document contains forecasts in respect of which there are risks and uncertainties concerning Sopra Steria’s future growth and profitability. The Group highlights the fact that the signature of licence contracts, which often represent investments for clients, are more significant in the second half of the year and may therefore have a more or less favourable impact on full-year performance.

• The outcome of events or actual results may differ from those described in this document as a result of various risks and uncertainties set out in the 2015 Reference Document submitted to the Autorité des Marchés Financiers on 22 April 2016 (in particular pages 33 and following).

• The distribution of this document in certain countries may be subject to the laws and regulations in force. Naturally, persons present in these countries and in which this document is disseminated, published or distributed, should obtain information about such restrictions and comply with them.
