Paris, 26 April 2011 – Sopra Group reports consolidated revenue for first quarter 2011 of €309.2 million, representing organic growth of 10.3%. All of the Group's businesses contributed to this performance.

Consulting and Systems and Solutions Integration

Revenue for the CSSI businesses taken together came to €262.1 million, representing total growth of 11.5% and organic growth of 11.1%.

Revenue in France amounted to €213.9 million, representing organic growth of 11.0%. The Group's consulting services, fixed-price projects and application outsourcing offerings, together with its application solutions, all achieved positive growth. Performance was especially strong in the financial services, utilities and public sector verticals.

Revenue in Europe (excluding France) amounted to €48.2 million, representing organic growth of 11.6%. Although this constitutes an excellent performance, due in part to a favourable basis for comparison, the Group continues to see the potential to further strengthen its business across the region. The transformation programme launched for all subsidiaries, intended to bring their offers in line with those in France, is proceeding as planned.

For all of these businesses, efforts undertaken over the last several years to roll out an industrialised delivery model have generated productivity gains and have built confidence among the Group's key accounts.

Axway

Revenue for Axway came to €47.1 million, representing total growth of 7.5% and organic growth of 6.3%. It should be noted that the company's emergence from the economic crisis that had weakened its performance in 2009 resulted in significant revenue growth during the first quarter of 2010, thus creating a less favourable basis for comparison.

Workforce

Sopra Group has announced a recruitment programme which calls for a gross total of 2,500 new hires in 2011. During the first quarter this year, 900 employees have joined the Group. At 31 March 2011, the Group's total workforce comprised 13,700 persons.

Proposed listing of Axway

Sopra Group continues to examine the terms and conditions for the proposed spin-off of Axway's business. The employee representative bodies have decided in favour of this proposal. The Group intends to submit the proposed operation to its shareholders for approval in the second quarter of 2011 unless adverse circumstances dictate otherwise, on the basis of a prospectus describing the terms and conditions of the operation and providing the information necessary for the shareholders of the new listed company (Axway), which the Group plans to publish at the latest one month before a Shareholders' Meeting, once the AMF's visa has been obtained.
