Disclosure regarding Sopra Steria's stake in Axway

Paris, 24 October 2022, 7:45 a.m. – In connection with measures being taken to improve its operational performance, Axway Software announced today that it had signed an agreement for the disposal of a product that no longer fits within its strategy.

In accounting terms, in Axway's financial statements for financial year 2022, the disposal will generate a non-recurring, non-cash expense estimated at between €75 million and €85 million, before the tax impact.

Consequently, the amount of *Net profit from associates* in Sopra Steria's 2022 income statement will be affected in proportion to its stake in Axway (32%), i.e. an impact of between €24 million and €27 million, before the tax impact.

This event, which has no impact on the Group's cash position, is not likely to affect the proposed dividend that will be approved by the Board of Directors in respect of financial year 2022.

Next financial release

Friday, 28 October 2022 (before market open): Publication of Q3 2022 revenue.
